

## QUALITY, HEALTH, SAFETY AND ENVIRONMENT

### POLICY

**FIRST SECURITY GROUP** is a locally owned company providing services in all areas related to corporate and industrial security, facilities management service, debt collection & risk management services and licensed personnel training services including Security, First-Aid, Fire Safety and DAC approved Lifeguards Certification. FSG with its strategic direction provides high standard services in close coordination with local authorities.

We at First Security Group are committed to remain FIRST in providing value added quality services to our customers in our respective markets whilst ensuring safety and care for environment. We are committed to comply and periodically review all applicable compliance obligations including applicable legal and customer requirements.

We shall focus on maintaining high standard of deliverables through continual improvement across all departments/divisions in service delivery and in performance of Quality, Health, Safety and Environment Management System.

We are committed as a responsible Corporate Organization to prevent pollution and to undertake all possible measures including consultation and participation programs to ensure well-being and safety of our employees through prevention of injury & ill-health.

We aim to achieve complete customer satisfaction at the same time focus on meeting needs and expectations of all interested parties including employees, stakeholders and general community. Our Quality, Health, Safety and Environment management system is centered on best working atmosphere where everyone is committed to excellence!
